

Success with BMZ ...

... A HORSE WAS PRESENTED TO ME WITH QUARTER CRACKS FROM CORONARY BAND TO THE GROUND. ON A COURSE OF BMZ THIS HORSE SHOWED IMPROVEMENT WITHIN WEEKS AND IS STILL IMPROVING WITH EVERY RESET.

...BAREFOOT HORSES SEEM TO BENEFIT AS WELL, WITH LESS CHIPPING BETWEEN TRIMS.

I THINK PURINA MAY BE ONTO SOMETHING.

My husband and I have been using BMZ for our horses for the past year. We originally purchased it as one of our quarter horses had a tendency toward cracked hooves.

Since being on BMZ, our gelding now has perfectly strong hooves and the cracking has completely stopped.

We highly recommend this product to anyone that owns horses.

... You can actually see the difference. Since using BMZ I have not had one horse that needed EquiloX to keep them in shoes. I have not had such dramatic results from any other supplement.
